

## **Collective Worship Policy**

The Ladies' College is a non-denominational Christian school. Girls of any religious faith and none are welcomed as pupils but a belief of the existence and providence of God is the foundation upon which the moral and spiritual life of the college is built.

1. To provide staff and pupils with the opportunity for stillness and reflection in company with other members of the school community
2. To promote pupils' spiritual, moral and cultural development
3. To help pupils develop an understanding of both the nature and language of worship
4. To help pupils develop a sense of respect for and sensitivity to the beliefs of others
5. To celebrate the values and worth of the school and the gifts and talents of the pupils
6. To support the broader curriculum through drama, dance, music, stories, art, poetry and other media or creative arts where appropriate.

These are:

1. To worship God
2. To foster the concern for the needs of others
