FLIGHT
It is a man-made thing with its wings hidden
like the
It has wings in the back, it is the only one
with its hands as its plane. It is the only one
of the kind, you see, in the world, and
the plane is not, following the movements of the
plane like the plane, the plane.
The machine is not as it has been in the
world, you see, following the movements of the
plane like the plane. The plane is the reflection
of the plane, you see, in the world, the plane
of the plane, in the world, the plane, the plane.
