**Dear Parent(s)/Guardian(s) of Remove (Year 7) students**

**MATHEMATICS – CHANGES TO SETTING**

As you will be aware, the Mathematics Department has been teaching the Remove (Year 7) students in mixed ability groups from the start of term. Having recently assessed the girls, we will this week, be making some initial setting decisions.

Please be assured that this is not the final decision on sets. As we get to know the girls better through the year, we shall form a better idea of their ability. We retest them again in January and May, and further movements may happen at these times. Throughout Remove, girls follow exactly the same course using the same course book in all groups making movement between sets easier. Your daughter will have been spoken to about this by their class teacher.

If you have any further questions, please do get in touch.

Yours sincerely,

Mrs Carrie Gribbens  
**Head of Mathematics**
