

## Sixth Forms in Partnership

---

17<sup>th</sup> December 2019

Dear Parents/Guardians

### **Eco - what are English schools doing?**

For the first time ever, our students have been invited to participate in the Charterhouse School Climate Conference on Friday, 19<sup>th</sup> June 2020. This is a combined Colleges trip.

This event is aimed primarily at Sixth Form students and it will give them the opportunity to meet both private and state school representatives to discuss the sustainability issues facing their generation.

There will be a keynote speech by Claire Perry MP and solution-oriented discussion sessions about carbon offsets, transport, food and school policies. The sessions will be supported by visiting teachers and experts who will mentor and guide the discussions.

I will be leading the trip, accompanied by Mr Aplin. We will travel by fast ferry and minibus. Accommodation will be at Charterhouse School, Godalming, Surrey.

Initial programme

Depart Thursday evening 18<sup>th</sup> June 2020 (after exams)

Return on Saturday morning 20<sup>th</sup> June 2020

The spaces are limited, so an early indication of your daughter/son's interest is highly recommended. The approximate cost of this trip is £118. More details will follow in the Lent term.

Please email Mr Aplin to express your interest or to ask any questions - [baplin@elizabethcollege.gg](mailto:baplin@elizabethcollege.gg) and return the attached Consent Form to reserve the place.

Kind regards,

Sarka Lee
