

5th May 2020

Dear Parent(s)/Guardian(s)

Morrisby Careers Profiling – Friday 19th June

Next academic year, your daughter will be making her post-16 option choices. With that in mind, it is a great time for her to be considering potential careers. Lower Five will be using their next few Citizenship lessons to do some of their own research from home.

As mentioned at the Lower Five curriculum evening, we offer our students the opportunity to take the Morrisby Careers Profiling test, which gives them an excellent insight into a range of careers that may suit them. The Morrisby profile is a series of psychometric tests that measure the abilities and personality factors of an individual to create a guidance profile, recommending various career pathways. As a follow up to the test, students have the opportunity to meet with a careers professional to go through their profile in detail.

We are very much hoping that we will be able to go ahead with the testing on **Friday 19th June** in College, although there is an alternative online version if this is not possible. There is a charge of £99 for the profiling.

Should your daughter wish to take part, please e-mail ejohnson@ladiescollege.ac.gg to confirm her place and make payment by **Friday 22nd May**. Payments should be made by BACS to

Natwest Bank Plc
The Ladies' College
Sort Code: 60-09-20
Account number: 06017614
Ref: Morrisby (name)

Yours sincerely,

Miss E. Johnson
Head of Careers, PSHEE and Citizenship
