### **COVID Guidance**

Children presenting any flu-like symptoms (such as a headache, cough, cold, fever, sore throat, shortness of breath or loss of taste/smell) should remain at home until 48 hours after all symptoms have cleared.

Catch it. Bin it. Kill it.

covid19.gov.gg

# **Frequently Asked Questions**

#### What is the fee structure of The Ladies' College?

Governors have a commitment to keep fees and charges at a level that ensures the College continues to represent value for money against the highest standard of educational provision. Fees and standard charges for extras can be found on our website at <a href="https://www.ladiescollege.com/admissions/fees">https://www.ladiescollege.com/admissions/fees</a>. Fees are reviewed annually and communicated to parents before the end of the Lent term, for the following September.

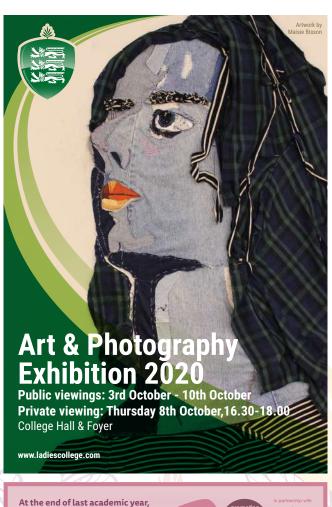

### Do we have bursaries at The Ladies' College?

To run a bursary programme, a significant capital investment needs to be made in order to earn interest which can be used to support a bursary. A full or part bursary award is means-tested to ensure it goes to the most worthy cases to provide the money to cover the cost of their education. The Ladies' College has a sound financial basis, yet does not have funds of this nature to invest to support a bursary system. There is a small hardship fund which is used to support students in the Senior School and Sixth Form to help them complete their studies to the end of Key Stages 3, 4 or 5. This is means-tested in order to award to those who may need it for a short and pre-determined period of time.

#### Is The Ladies' College inclusive?

Yes. Our aim is to support each young person as an individual and to accept them for who they are. We are committed to celebrating diversity and to ensuring that our curriculum delivers the broadest and most balanced provision possible, ensuring there is no prejudice, discrimination or inequality. Pupils and students are part of our evolving College and help to develop good practice. We have well-being at the core of our work here to support the growth of young people into rounded, grounded young adults who take responsibility for themselves and towards others.

Well-being

we sent out questionnaires. Many thanks to those who

responded. The results of the questionnaires informed our next steps, some of which the Well-being Team would like to share with you.

Watch our Facebook page for the results and further

Well-being updates.
