

12th March 2021

Dear Parents and Guardians,

It has been a pleasure to see the Lower Five back in college this week and I am pleased to say that they are largely adjusting to our phase 2 provisions very well. As we are all aware, the past few months have seen some sudden changes, and it is a mark of the students' resilience that they have been so adaptable and now seem to be settling in well again back at college.

Thank you to you all for supporting your daughters by attending their virtual parents' evening last night; it was great to see so many of you and a lovely opportunity to touch base after what has been such an unusual time.

We understand that it may not have been possible for you to see all the teachers you would have liked to have done, just as this is the case during a typical parents' evening held at college. Teachers were aware of parents on the waiting list and some were able to flex their schedules to accommodate those concerned. This was not possible in all cases and, if this applies to you, please do email your daughter's subject teachers directly if you would like some feedback.

In addition, if you have any other, more general, queries or concerns about your daughter or her learning journey, please contact her tutor in the first instance.

We would be very grateful if you could provide the college with some feedback on the parents' evening in general via the following link:

Thank you again for your continued support of your daughter's education and of The Ladies' College.

Yours sincerely,

Maggie King

Maggie King
Senior School Year Coordinator (Lower Five)
