CIGPE Technology Challenge 2021

Dear Parent(s)/Guardian(s)

Every year, Upper Four (Year 9) students from all the schools on the island are invited to take part in the CIGPE Technology Challenge.

Ten students from The Ladies' College are invited to take part in the event this year, and I am pleased to say your daughter, as someone who has chosen to study GCSE Design and Technology next year, has been selected to represent the college on **Monday 21st June at the Rue Mainguy Activity Centre, Vale.**

Responsibility for getting to and from Rue Mainguy rests with the students and their parents. **Students should arrive at the venue no later than 08.45 and can be collected at 16:00.**

The students should wear suitable clothing and shoes/trainers for practical design and make activities. Team T- shirts will be provided and **must** be worn - girls need be ready and able to change into these on arrival. Lunch and drinks will all be provided. Some of the final challenge activity may take place outside, so girls should bring sun cream and coats dependant on the weather.

The event provides a unique opportunity for the girls to work in small teams with students from other schools and people from local industries to solve design technology and engineering type problems. The event is sponsored, and prizes are awarded to the teams who build the best designs. All activities are well supervised by trained staff and the event frequently features in the Guernsey Press. Photographs are taken at the event by the Guernsey Press as well as the organisers.

If you are happy for your daughter to take part in the Technology Challenge, please complete the attached consent form and ask your daughter to return this to Mr Smith by **Thursday 17th June 2021.**

Yours sincerely,

J M Smith
Head of Design & Technology
