## **MUSIC THEORY CLUB - WEDNESDAY MORNINGS 8.00 - 8.30 am**

This club open to all girls in the Junior department was originally installed to back up work done in private music lessons but also to help any girl with an interest in improving her music reading ability. Girls will learn to recognise and write notes in a fun and friendly way, work at their own pace through a wide range of material, starting with fun sticker books and progressing to more advanced and graded workbooks. Topics for all are included from time to time and many girls reach a high level of theory understanding. Ms Owen is on hand to answer any questions that crop up and the girls find that this side of music really complements their practical work.

It will be organised by sixth form girls under the supervision of Dr Marshall. Your daughter will be expected to come dressed appropriately for the weather. We will dip into some of the pawprint challenges and the girls will be able to earn badges. This club will be advertised to other schools but will be girls only. <https://pawprintfamily.com>
