

3rd November 2021

Dear Parent(s) / Guardian(s),

Please find a link to the Examinations Timetable for November and information that will help students to focus their revision on each subject. Students have been provided with this information through their Year group Teams. No homework other than revision will be set from Wednesday until the examinations. Please refer to my previous letter sent via Parent Hub on 20th October for details regarding the rationale and changes for these examinations. Please contact your daughter's Tutor, Year Coordinator or myself should you have any queries.
