

24 June 2022

Dear Parents and Guardians of Senior School & Sixth Form

I hope you are well.

I am writing to update you on the recent parent survey that many of you completed.

Firstly, can I thank you for taking the time to share your thoughts. They were very helpful in understanding the things that you really value and the areas that we could reflect on.

In the Senior School, the areas of particular strength identified were the academic provision, the pastoral provision and the ethos of the school.

The areas for further development were more spread out. However, the key themes were looking at opportunities to further develop our co-curricular provision, the role and nature of homework and our communication systems and platforms.

In line with this, we are launching a College-wide consultation on co-curricular provision next term where we will have focus groups of staff, pupils and of course parents. If you would like to be involved, please look out for correspondence from Mr Henderson, Deputy Principal (Enrichment) early next term. Our aim will be to complete our consultation process by the end of the Michaelmas term.

In addition, we will also be reviewing our parent communication systems and our homework approach and will reach out for focus groups in those areas as well.

With only one week left until the end of term, things are picking up a pace and I look forward to seeing many of you at our end of term events next week.

With best wishes,

Daniele Harford-Fox  
**Principal**
