Dear Parent(s)/Guardian(s)

RE: IGCSE Science Exam Practice Workbooks

This year we are buying sufficient CGP Exam Practice Workbooks and revision guides for Biology, Chemistry and Physics IGCSE 9-1 for each student doing IGCSE science to purchase at a discounted price. Last year students found these books very useful, including use in lesson time for revision; the majority purchased them at full price themselves.

If you wish to purchase copies of either these workbook or revision guides from us, then the total cost for all three sciences will be £15 for the workbooks and £15 for the revision guides. This is a saving of over 50% of the cost of the student purchasing them individually.

Payment can be made by cash, handed in to any of your daughter's Science teachers or the Science Technicians, or by BACS to the following account:

Sort Code: 60-09-20

Account Name: The Ladies' College

Account Number: 06017614

Reference: Surname, Initial/Science

If you are paying by BACS please either send in the paper form stating the reference and payment date or email science@ladiescollege.ac.gg

Yours sincerely,

Karen Marshall

Dr K Marshall
Head of Science

IGCSE SCIENCE WORKBOOKS

Please return to a Science Teacher or the Science Technicians

Student Name:

Science Set:

Please tick as appropriate:

I would like to purchase, **the workbooks** and am paying £15 by: cash or BACS

I would like to purchase, **the revision guides** and are paying £15 by: cash or BACS

BACS reference paid on date
