

15 March 2023

Dear Parents and Guardians of Upper Sixth Psychology students

We are writing to make you aware that, with sadness and regret, Mrs Leong has stepped down from her role as Head of Psychology. She has always put her students at the heart of what she does and leaves a strong legacy in the Psychology Department. I know that her students will miss her. We wish her well in her future endeavours.

Moving forward with the Upper Sixth (Year 13), our students will continue to be taught by Dr Mitchell and Ms Harford-Fox, both ex-Heads of Psychology and experts in the AQA course. In addition, we will be running the following revision sessions on Saturday afternoons.

- Saturday 25th March - Research Methods
- Saturday 1st April - Gender
- Saturday 29th of April - Year 1 Content
- Saturday 6th of May - Forensics

We apologise for the disruption that has occurred but hope that now gives clarity and consistency to the way forward.

With best wishes

Howard Barnes.

Howard Barnes
Director of Studies
