

9th March 2023

Dear Parents and Guardians,

The Upper Five and Upper Sixth D&T projects are starting to come along well. As the groups are bigger this year, I would like to offer time in the DT workshop at weekends for the students to complete some stages of their projects. If your daughter can attend, I am opening the DT workshop on several weekends during March / April to allow a suitable time for them to come in.

Saturday 11th / Sunday 12th March

Saturday 25th / Sunday 26th March

Saturday 1st / Sunday 2nd April

from 9.00 – 12.00 on each day.

There is time remaining for all projects to be completed during lessons. This extra time is just to allow space for projects to be assembled, painted, and allowed to dry.

To allow for space in the workshop please can your daughter only arrange to attend on one or two of the sessions.

Mr Smith and / or Mrs Smith will be in attendance during the mornings to help the projects come together.

If they can attend, please can your daughter discuss with me at school or notify me via email or on Teams.

Please be aware that attendance is entirely voluntary and completion of their project during these times does not affect their final grade in any way.

Yours sincerely,

J. Smith

Mr Smith
Head of Design Technology
