This week we consider:

### Celebrating our history

#### Facebook picture of the week:

We're thrilled to announce the introduction of our unique parallel curriculum, Pathways, for Sixth Form students beginning in September 2024.

The announcement marks a significant milestone for the College. We continue our commitment to providing students with a range of choices and allowing them self-determination and support as they transition into young adulthood.

You can read more about the new Pathways scheme and our FAQs below.
