## End of Term

*Please note we try to make sure end of term activities finish as close to 12.30 as possible, however, sometimes things do overrun. Your patience and understanding with pickups is much appreciated on the last day of term*

This week we consider:

### Knowledge is Power

#### Facebook pictures of the week:

Mrs Hatton's Remove Gardening Group and Dr. Marshall's Lower Five Environmentalists volunteered to plant a pear tree arch for the Victorian Walled Kitchen Garden charity at Saumarez Park earlier this month.

They learnt about the specific gardening techniques being used; in this instance, Espalier, which is 'the horticultural and ancient agricultural practice of controlling woody plant growth for the production of fruit, by pruning and tying branches to a frame' and 'heeling in', which is done to keep the whips in a holding pattern pending planting.

Well done to all involved, it was a fantastic effort and result from the girls.
